Re: Construction Permit
Kenneth Rust Hog Farm
AI ID: 100811
Activity ID: APE20080001
Carlisle County, Kentucky

Dear Mr. Rust:

Enclosed is a construction permit for your operation. The construction permit authorizes construction/installation of your wastewater treatment system. Please take specific note of the following requirements of the enclosed construction permit:

- Construction of this system must be started within one (1) year of the approval date of the construction permit. If construction is not started within a year and it is your intention to install the system, you must request an extension of the permit prior to the expiration date.
- After the construction of this system is completed, within thirty (30) days you must submit a written certification to the Division of Water that the facility has been constructed in accordance with the approved plans and specifications and approval conditions.

In addition, the provisions of your permit are established to protect human health and the environment. These requirements have been established to protect both you and your family, as well as your neighbors. **You may be subject to enforcement action, including fines, if you fail to comply with these requirements.**

If you have any questions regarding this permit, please contact Ronnie Thompson, of the Operational Permits Section, at (502) 564-8158, extension 4896.

Sincerely,

E-Signed by Jory Becker

**COMMONWEALTH OF KENTUCKY
ENVIRONMENTAL AND PUBLIC PROTECTION CABINET
DEPARTMENT FOR ENVIRONMENTAL PROTECTION
DIVISION OF WATER**

TO: Mr. Kenneth Rust

ADDRESS: 1305 County Road 1234, Arlington, KY 42021

Pursuant to your application submitted to this office on November 3, 2008, together with engineering plans, specifications, and other supporting data, the Cabinet authorizes the issuance of this

CONSTRUCTION PERMIT

Therefore, by authority of Kentucky Revised Statutes Chapter 224, etc., you are authorized to construct an animal wastes handling system at:

Kenneth Rust Hog Farm, County Road 1234, Clinton
(Name of Facility, Location, City)

Carlisle
(County)

In accordance with the plans, specifications, and other information submitted in your application. The permittee is also subject to the following conditions:

Two Hog Waste Holding Pits - (4960 hog maximum)

APPLICANT MUST MEET THE FACILITY REQUIREMENTS ATTACHED

Unless construction on the works specified herein is begun on or before the 19th day of March, 2010 this Construction Permit shall be null and void, and a new permit will be required before construction may begin. A single twelve (12) month extension to begin construction may be granted provided site conditions have not changed.

Issued this 20th day of March, 2009.

**For: Sandra L. Gruzesky, Director
Division of Water**
